

Templates: "Love in 3 Dimensions": Garland Airplane Valentine

from *Martha Stewart Living* | www.marthastewart.com

Print templates, and cut out. Trace two copies each onto heavyweight colored paper. If paper's color or embellishment is single-sided, be sure to flip template before tracing the second copy so the design or color will appear on front and back. Sandwich ribbon between plane and heart pieces (spacing as desired), and secure all with double-sided tape. Leave about 4 inches of loose ribbon trailing, and secure end of ribbon with tape inside envelope.
