

Clip-Art Craft: Blue Egg Decals

from *Martha Stewart Living* | www.marthastewart.com

PROJECT INSTRUCTIONS:

Print designs on decal paper (Inkjet Waterslide decal paper, in Clear, \$17 for a pack of 20, decalpaper.com). Spray paper with two coats of varnish; let dry. cut out individual shapes, staying as close to the lines as possible. Soak the designs in a bowl of water for about a minute. Remove each decal from water and slowly separate it from its backing, sliding it on to egg as you go. Smooth with your fingertips. Gently press a paper towel against icon to absorb excess water. Let dry a few minutes, then repeat with other decals. Let dry overnight, then spray with a coat of varnish.
