Night-Sky Pumpkins

Glowing-Moth Pumpkin

SUPPLIES

Pumpkin
Carving knife
Template (following page)
Scissors
Masking tape
Awl
Gouge
Battery-powered candle

1

Slice off bottom of your pumpkin and hollow it out from below.

2

Print and cut out template, tape it on, and transfer outlines of pattern with awl.

3

Scrape off outer skin with gouge to complete design. Insert battery-powered candle.

Starry-Night Pumpkin

SUPPLIES

Pumpkin
Carving knife
Handheld electric drill
Gouge
Template (following page)
Scissors
Masking tape
Battery-powered LED string
lights or candle
Straight pins

1

Slice off bottom of your pumpkin and hollow it out from below.

2

Punch holes with drill to create constellations; connect dots with gouge. (Or print template, then cut out and tape on formations you want to use.)

3

Place individual bulbs of a light strand in each hole and pin to secure, or, for a faster finish, insert one battery-powered candle.
