TILING INSTRUCTIONS

1. Print template onto card stock. Using the image below as a guide, lay template out on work surface; the coordinates at bottom of each sheet (for example, A1) denote first the row and then column.
2. Using a ruler and a craft knife, trim left side and bottom of each sheet along crop lines. Tape sheets together, then cut out each piece along solid black lines. Trace onto railroad board and cut out. Fold along dotted lines. Using a hole punch, make holes where indicated by dots on template. Line up numbered holes and secure with fasteners.
