For the parrot beak: Print template at 100 percent, and cut out. Place on folded piece of paper (to make two pieces), trace, and cut. Use tabs of tape to connect the pieces halfway along the larger curve (this will create the lower portion of the beak). Glue the open part to the glasses.  
For the owl beak: Print template at 100 percent, and cut out. Align the straight edge on the fold of a piece of paper, trace, and cut out. Glue the curved sides to the glasses.
