TILING INSTRUCTIONS

1. Print template onto card stock. Using the image below as a guide, lay template out on a work surface; coordinates at bottom of each sheet (for example, A1) denote first the row and then the column.
2. Using a ruler and a craft knife, trim left side and bottom of each sheet along crop lines. Tape sheets together, then cut out each piece along solid black lines. Trace onto museum board; cut out. Using a hole punch, make holes as indicated by dots on template. Line up numbered holes, and secure with brass fasteners.
